ALLIANCE COOPERATIVE INTERNATIONALE

N O T E

This Directory lists addresses of Co-operative Colleges, University Institutes and International Training Centres reported to the ICA (during 1969 and 1970) by both member and non-member Organisations; this is why some addresses in countries with no organisations affiliated to the ICA are included.

The aim of this Directory is to facilitate international exchange of information in the field of co-operative education and training. Therefore, the editors have tried to follow a pattern of listing only addresses relevant for this purpose.

At the same time, it has been found necessary, for practical reasons, to omit addresses of lower-level schools (secondary commercial schools, technical vocational training centres for juvenile apprentices etc.).

Practice will show to what extent the editors have succeeded in making this Directory cover the intended field adequately on the basis of replies received from affiliated national organisations, some of whose lists sent to the ICA were unnecessarily detailed, while others contained information which might prove incomplete.

Therefore, receivers of this Directory are requested to inform the ICA of any alterations or additions they feel would be required, in order to enable us to include them either in an amendment or in the next edition, for which your notification of all changes taking place later would also be appreciated, as and when they occur.

All affiliated Organisations and educational institutes listed in this Directory are entitled to one copy free of charge, while further copies may be ordered from the ICA for the price of 50 (new) pence, i.e. £0.50.

R O U M A N I A

Educational activities are conducted under the auspices of two national federations:

(a) Central Union of Consumer Co-operatives (CENTROCOOP),
Calea Victoriei 29,
BUCHAREST

R O U M A N I A
(Continued)

(b) Central Union of Workers' Productive and Artisanal Co-operatives (UCECOM),
Calea Plevnei 46,
BUCHAREST

Enquiries and correspondence should be addressed to the Chief Education Officers of either of these two federations, each of which operates a number of co-operative schools (some secondary level, commercial type, others vocational for training apprentices) of various specialisations.
