I M P O R T A N T !

1. Please help the ICA to make this Calendar more comprehensive and up-to-date:

If you find that any of the seminars, courses or other technical assistance projects planned by your Organisation for co-operatives in the developing countries for 1971 have not been included in this issue, kindly send the appropriate details to the ICA Headquarters in LONDON without delay for publication (as explained in the Foreword, Page 1).

2. Towards the end of 1971, please, try to remember the 10th December as the date by which the ICA will need your information about seminars, courses and other technical assistance projects planned by your Organisation for 1972. This will enable us to include your information in the next issue of the Calendar, which will be published in January 1972.

3. It will greatly facilitate the editor's work and help to avoid inaccuracies, if all the details of your future projects are communicated to the ICA on forms divided in the same way and under the same headings as those used in the Calendar, (i.e. seminars and courses - type according to Part I, other technical assistance projects on the model of those in Part II).

4. Your enquiries on any specific projects listed in the Calendar should be addressed and sent to the Sponsoring Organisation concerned, while the ICA would very much appreciate to be notified of any contacts made possible on the basis of the information published in this Calendar.

5. Any other enquiries, suggestions, recommendations or addenda concerning the Calendar should be addressed to the Secretariat of the International Co-operative Alliance, 11 Upper Grosvenor Street, LONDON, W1X 9PA., or - where appropriate - to the ICA Regional Office or Education Centre for South-East Asia, P.O. Box 3021, New Delhi 14, India, or to the ICA Regional Office and Education Centre for East and Central Africa, P.O. Box 946, Moshi, Tanzania.
