INTERNATIONAL COOPERATIVE ALLIANCE

F o r e w o r d

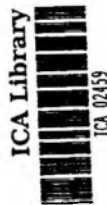

This is the eighth issue of the Calendar of Technical Assistance for Cooperatives which was first suggested at the Technical Assistance Conference in 1965 organised by the Danish Government and the Danish Cooperative Movement, to discuss cooperative technical assistance to developing countries.

Since the first issue it has been possible for us to collect much more information about cooperative seminars, training courses and other educational schemes as well as technical assistance projects in countries throughout the world from a variety of organisations and agencies engaged in the promotion of cooperatives in developing countries. The International Cooperative Alliance is grateful to all those organisations which have collaborated in making it possible for us to publish the Calendar which, the ICA believes, makes a very useful contribution towards better coordinated information on technical assistance projects.

There are, of course, many more projects of technical assistance in this field, but it is impossible to list all the smaller projects carried out by various organisations.

Any suggestions which would add to the usefulness of the Calendar would be very gratefully received.

S. K. SAXENA  
DIRECTOR

N O T E S

- (1) The Calendar is in two parts. Part I (pages 1 to 33) gives details of seminars and conferences planned for 1973 in chronological order as notified to the ICA. Part II (pages 34 to 79) gives details of new and continuing projects of a cooperative character which will be taking place in 1973. Details are given alphabetically by recipient countries. Enquiries on any specific project listed in the Calendar should be directed to the sponsoring organisation concerned.
- (2) Courses at a number of Institutions are a continuation of courses from previous years. These are marked with an asterisk.
- (3) It should be borne in mind that a number of cooperative colleges and institutions accept students for courses which are primarily designed for personnel of the national movements concerned. Enquiries and applications for admission should be addressed directly to the national cooperative movement.
- (4) On pages 80 and 81 there is a list of abbreviations used throughout the Calendar.
- (5) Additional information about activities during 1973 will be published in the "Co-operative News Service".
- (6) Further copies of the Calendar are obtainable from the ICA, 11 Upper Grosvenor Street, London W1X 9PA. Price £1.00 (seamail).
