The International Co-operative Alliance presents its comparative statements for the year 1969 and 1970.

The data for 1970 covers cooperatives in 46 of the 61 countries affiliated to the Alliance and has been compiled from replies received in answer to our questionnaire to member organisations; from Annual Reports and published articles; and, in some cases, from information received from correspondence with individual organisations. We are indebted to the Registrars of Co-operatives in Africa and Asia who have sent us annual reports relative to their countries and to the Reserve Bank of India for its detailed statistical report; such statistics include all cooperatives, whether or not the organisations are affiliated to the national cooperative movement within the country.

The membership figures may, in some cases, include a duplication in that some persons are members of more than one society. To minimise double counting wherever possible, a cooperative society which carried out multi-purpose activities, e.g. agricultural marketing and credit business and selling of consumer goods and farm supplies, is recorded under the heading appropriate to the predominant activity of that organisation.

For the purpose of this report, the Union of Socialist Soviet Republics is classified under Europe and its data quoted under Consumer Societies.

Where no information has been obtained for 1970, the latest available data is given.

The source for the financial conversions from national currencies to Pounds Sterling is the Financial Times (London).

TABLE 1. TOTAL NUMBER OF MEMBERS

The TOTAL MEMBERSHIP figure of all societies increased by 5.77% over the previous year, from 268,027,350 to 283,499,244.

The CONSUMER societies still have the largest percentage of membership - the table below outlines the changing pattern of distribution of the total membership between 1965 and 1970.

During the past five years efforts have been made to bring greater uniformity to the statistical tables. In the process of classifying the membership under its most appropriate heading, several adjustments from one category to another were necessary. For example:

AUSTRALIA and CANADA - transferred from CONSUMER to AGRICULTURAL section
 FINLAND and FRANCE - transferred from CREDIT to BANKING section

The large increase in the MISCELLANEOUS section is mainly due to more information being received from the USA (see page 13 for details).

CONSUMER SOCIETIES

The total membership of all Consumer societies increased by 4.21% over the previous year, from 114,770,740 to 119,612,502.

Additions

We are pleased to publish statistics from the newly admitted members: Verband der Konsumgenossenschaften der DDR, German Democratic Republic; UNICOOPE, Portugal; and the Cooperative League of Thailand. We also have been successful in receiving information from Chile, Tanzania and Uganda.

Deletions

Mauritius has been deleted from the table as the questionnaire has not been returned for the past three years

Australia

The information now received from the Cooperative Federation of Australia classifies its Consumer membership under the joint heading of Producer, Consumer Community Cooperatives. The Consumer figures are now included with those of Agriculture.

Geographical Distribution of Membership

88% of the total Consumer society membership is in Europe; almost 11% is in Asia; and 1% in America; a fraction of a percentage is in Africa.

Notes

The figures quoted for Italy, Jordan and Jamaica refer to the year 1968. No questionnaire returned for 1969 or 1970.

* - 1969 figures quoted; questionnaires for 1970 not returned.

a) - The increase shown in the figures for Belgium is due to incorrect information received for 1969 from FNCC; the figures quoted from this organisation for 1970 are 88,000 higher than those previously given.

CREDIT SOCIETIES

The total membership of all Credit societies has increased by 1.29% over the previous year, from 82,035,568 to 83,095,524.

Additions

Data has been received from Belgium on behalf of Centrale des Caisses Rurals du Boerenbond Belge (85,770 members) and Caisse Centrale de Depots SC (650,000 members). Data has also been received from the newly admitted member, the Cooperative League of Thailand, and from Tanzania

Deletions

The membership figures for Iran have been reclassified with the Agricultural section. Dominica and Mauritius have been deleted from the table as the questionnaires have not been returned for the past three years.

Geographical Distribution of Membership

54% of the total Credit society membership is in Asia; 34% in America; 11½% in Europe and the remaining ½% in Africa and Oceania.

Notes

The figures quoted for Italy and Jordan refer to the year 1968. No questionnaires returned for 1969 and 1970.

* - Denotes 1969 figures; questionnaires for 1970 not returned.

a) - The data for Denmark was obtained from the Annual Report.

b) - The data for Chile was obtained from the International Credit Union Year Book.

AGRICULTURAL SOCIETIES

The total membership of all Agricultural societies has increased by 21.97% over the previous year, from 39,702,682 to 48,427,419.

Additions

Data has been received from Czechoslovakia, Romania, Thailand and Tanzania. The membership figures for Iran have been transferred from the Credit section.

Deletions

Malta, Philippines, Ghana and Mauritius have been deleted from the table as the questionnaires have not been returned for the past three years.

Geographical Distribution of Membership

40% of the total Agricultural societies' membership is in Asia; 38½% in Europe; 16% in America; 4% in Africa; and 1½% in Oceania.

Notes

The figures quoted for Italy, Jordan, Malaysia and Jamaica refer to the year 1968; questionnaires for 1969 and 1970 not returned.

* - Denotes 1969 figures; questionnaires for 1970 not returned

a) - There was a duplication of figures received from Deutscher Raiffeisenverband for the year 1969. Of the 3,600,000 membership given for Agricultural Societies, 2,000,000 were already included in the membership figure for Credit societies. The figure for Agriculture in 1969 should have been 1,600,000.

b) - There is a duplication of membership here as many farmers are members of several Agricultural societies. A more realistic figure would be 180,000.

c) - The figures quoted for Kenya were received from the Ministry of Cooperatives and Social Services.

MISCELLANEOUS SOCIETIES

The total membership of all Miscellaneous societies increased by 0.02% over the previous year, from 17,245,842 to 17,250,724.

These societies comprise a group of cooperative organisations difficult to classify with other sections. Included amongst them are the Chemist societies (OPHACO) of Belgium; Cultural and Recreational societies of Italy; Transport and Tourist societies in Turkey. In Asia there are a variety of Transport, School and Industrial societies.

The 16.1 million members covered by the Cooperative League of the USA comprise: Group Health societies (7.9 million); Rural Electric societies (6.7 million); Telephone societies (.65 million); Student cooperatives (.5 million); Nursery School and Memorial societies account for the remaining .35 million members.

Notes

The figures quoted for Italy and Jordan and Malaysia refer to the year 1968; questionnaires for 1969 and 1970 were not returned.

* - Denotes 1969 figures; questionnaires for 1970 not returned.

BUILDING & HOUSING SOCIETIES

The total membership of all Building & Housing societies increased by 13% over the previous year, from 6,436,463 to 7,273,232.

Additions

The newly admitted Cooperative League of Thailand has submitted statistics as has the Department of Cooperatives in Zambia.

Deletions

Mauritius has been deleted from the table as the questionnaire has not been returned for the past three years.

Geographical Distribution of Membership

73% of the total Building and Housing societies membership is in Europe; 16% in Asia; 7½% in Oceania; and 3½% in Africa and America.

Notes

The figures quoted for Denmark, Italy, Jordan, Maiaca and Algeria refer to the year 1968; questionnaires for 1969 and 1970 were not returned.

* - Denotes 1969 figures; questionnaire for 1970 not returned.

WORKERS' PRODUCTIVE & ARTISANAL SOCIETIES

The total membership of all Workers' Productive and Artisanal societies decreased by 0.63% over the previous year, from 6,333,061 to 6,293,597.

Additions

Data has been received from Romania, Thailand and Tanzania.

Deletions

Det Kooperative Faellesforbund, Denmark; Central Union of Work Cooperatives, Poland; and Cooperative Union, Mauritius, have all been deleted from the table as the questionnaires have not been returned for the past three years.

Geographical Distribution of Membership

76% of the total Workers' Productive and Artisanal Societies' membership is in Asia; 19 $\frac{1}{2}$ % in Europe; and the remaining 4 $\frac{1}{2}$ % in America and Africa.

Notes

The figures quoted for Bulgaria, Italy, Jordan and Jamaica refer to the year 1968; questionnaires for 1969 and 1970 were not returned.

* - Denotes 1969 figures; questionnaire for 1970 not returned.

FISHERY SOCIETIES

The total membership of all Fishery societies increased by 2.87% over the previous year,-- from 1,502,994 to 1,546,246.

Additions

Data has been received from Hungary and Zambia.

Deletions

West Pakistan and Mauritius have been deleted from the table as the questionnaires have not been returned for the past three years.

Geographical Distribution of Membership

92% of the total Fishery societies' membership is in Asia; 6½% in Europe; and the remaining 1½% in America and Africa.

Notes

The figures quoted for France, Italy, Malaysia and Jamaica refer to the year 1968; questionnaires for 1969 and 1970 were not returned.

* - Denotes 1969 figures; questionnaire for 1970 not returned.

TABLE 2. TOTAL NUMBER OF SOCIETIES

The TOTAL NUMBER OF ALL SOCIETIES has increased by 2.22% over the previous year, from 560,532 to 572,978.

CREDIT societies account for 42.82% of the total number of societies; followed by AGRICULTURAL societies with 25.39%; WORKERS' PRODUCTIVE & ARTISANAL societies with 12.60%; CONSUMER societies 8.61%; BUILDING & HOUSING societies 7.42%; MISCELLANEOUS societies 1.69%; and FISHERY societies 1.47%.

The Additions and Deletions follow the same pattern as outlined under the Total Membership table.

Notes

The figures quoted for Italy, Jordan, Malaysia, Jamaica (excluding Credit Societies) and Algeria refer to the year 1968; questionnaires for 1969 and 1970 were not returned.

* - Denotes 1969 figures; questionnaires for 1970 not returned.

a) - The increase for Belgium is due to an adjustment in the Consumer societies and the addition of data received for Credit societies.

b) - The large increase for Czechoslovakia is accounted for by data received for Agricultural societies.

c) - Poland - no information has been received for the Workers' Productive and Artisanal Societies.

d) - Romania has supplied statistics related to Agricultural societies and Workers' Productive and Artisanal Societies.

e) - The figures for Credit societies in Chile were obtained from the International Credit Union Year Book.

f) - The figures for Agricultural societies in Kenya were received from the Ministry of Cooperatives and Social Services.

TABLE 3. TOTAL TURNOVER

The summary of Total Turnover appearing on page shows an increase of 6.71% over the previous year, from £66,428,381,000 to £70,886,261,000. This overall trading figure of almost £71,000 million covers the volume of business transacted by both Retail and Wholesale organisations.

CONSUMER SOCIETIES

The total turnover of all Consumer Retail Societies increased by 18.91% over the previous year from £27,467 million to £32,662 million.

The Consumer Wholesale Societies' trade increased by 8.36% from £2,958 million to £3,205 million.

The Consumer Federated Societies represent five European organisations who are owners of cooperative productive and service societies formed by federations of consumer societies. The turnover for 1970 was £97 million, a 2.24% increase over the previous year.

WORKERS' PRODUCTIVE & ARTISANAL SOCIETIES

The turnover of Workers' Productive & Artisanal Societies was decreased by 24.16% over the previous year, from £1,980 million to £1,502 million. Although new trading figures have been received from Czechoslovakia, Romania, and Thailand, the figures for Poland have been deleted as no information has been received from the Central Union of Work Cooperatives for the past three years.

AGRICULTURAL SOCIETIES

Agricultural Primary societies' trade increased by 11.91% over the previous year, from £24,005 million to £26,864 million. This increase is partially due to the adjustment of turnover figures received from Deutscher Raiffeisenverband, Federal Republic of Germany. For the year 1970, this organisation sent inclusive trading figures for Agricultural Primary societies and no figure for Agricultural Federations.

The overall trade for Agricultural Federations shows a decrease of 39.2% over the previous year, from £8,626 million to £5,245 million. This is due to the exclusion of Deutscher Raiffeisenverband, as stated on previous page.

FISHERY SOCIETIES

The slight increase of 0.84% over the previous year gives a trading figure of £583 million as against £578 million in 1969.

MISCELLANEOUS SOCIETIES

The trade of Miscellaneous Societies decreased by 0.17% over the previous year, from £676 million to £675 million.

SUPRA & INTERNATIONAL ORGANISATIONS

The three international trading federations show an increase of 21.04% over the previous year, from £43 million to £53 million.

Nordisk Andelsforbund is the Scandinavian Cooperative Wholesale Society and Nordisk Andelseksports is the Scandinavian Cooperative Export Federation. The headquarters of these two organisations is in Denmark.

International Cooperative Petroleum Association has its headquarters in New York and has a lubrication and oil blending plant in Dordrecht, Netherlands.

TABLE 4. NUMBER OF EMPLOYEES

This table was first introduced in our 1967 statistical report with figures received from Consumer societies only. The Consumer organisations in Europe still provide the largest amount of information relating to employees. The table below outlines the changing pattern in some countries of the % of females employed in 1967 and 1970.

TABLE 5. INSURANCE SOCIETIES

The International Cooperative Insurance Federation (formerly the Insurance Committee) of the ICA has been most helpful in the production of Insurance Statistics.

The information for 1970 tabulated on pages 50 and 51 refers to 51 Insurance societies in membership of the Federation. The two Insurance societies in the Federal Republic of Germany - Volksfürsorge deutscher Sachversicherung AG and Volksfürsorge Lebensversicherung AG - are now grouped together and entered in the table as Volksfürsorge Insurance Group.

The six sections of the Folksam Insurance Society in Sweden are now grouped together and entered in the table as The Folksam Group.

The information for 1970 tabulated on page 52 refers to nine Insurance societies not in membership of the Federation but whose national organisations are affiliated to the ICA.

TABLE 6. MEMBERSHIP AS A PERCENTAGE OF POPULATION

The percentage figures produced on the preceding two pages can only be used as a rough indication of the position of the world co-operative membership figure in relation to population.

In Europe, some countries with large agricultural co-operatives include in their membership figures farmers who are members of more than one agricultural society. This will enhance the membership figures for that country thus overstating the percentage figure of the total population. For example, Sweden has 98 agricultural societies with an individual membership of 991,000, but only 180,000 farmers are associated with these organisations - thus one farmer may well be a member of six agricultural societies.

From Asia and Africa the data received is often very limited and the countries may well have a much better percentage of members in relation to population than our figures indicate.
