P R E F A C E

The International Co-operative Alliance presents its comparative statements for the years 1967 and 1968.

The data for 1968 cover cooperatives in 51 of the 59 countries affiliated to the Alliance and have been compiled from replies received in answer to our questionnaire to member organisations; from Annual Reports and published articles; and in some cases, from information received from correspondence with individual organisations. We are indebted to the Registrars of Cooperatives in Africa and Asia who have sent us annual reports relative to their countries and to the Reserve Bank of India for its detailed statistical report; such statistics include all cooperatives, whether or not the organisations are affiliated to the national cooperative movement within the country.

The membership figures may, in some cases, include a duplication in that some persons are members of more than one society. To minimise double counting wherever possible, a Cooperative Society which carries out multi-purpose activities, e.g. agricultural marketing and credit business and selling of consumer goods and farm supplies, is recorded under the heading appropriate to the predominant activity of that organisation.

Where no information has been obtained for 1968 the latest available data are given.

The source for the financial conversions from national currencies to Pound Sterling is the Financial Times, London.

TABLE 1. MEMBERSHIP

The total membership figure of 254,917,534 shows a decrease of 590,909 (0.24%) over that of 1967. The figure includes 2,810,345 members of our newly-affiliated organisation, Turkish Cooperative Association, but excludes 8,455,673 members from countries from whom we are unable to obtain up-to-date statistics, namely: Brazil, Colombia, Greece, Korea, Mexico, Nigeria, Tanzania and Yugoslavia. Had these deletions not been made, an increase of 3.07% would have been recorded.

The percentage increase or decrease for each type of membership is given below:

| <u>Type of Society</u> | | <u>Percentage + or -</u> | |
|-----------------------------------|-------------|--------------------------|-------------|
| | <u>1968</u> | | <u>1967</u> |
| Consumer | - 0.09 | | + 0.79 |
| Credit | + 7.82 | | + 10.08 |
| Agricultural | - 22.65 | | + 24.63 |
| Miscellaneous | + 19.80 | | + 116.83 |
| Building and Housing | + 17.73 | | + 8.81 |
| Workers' Productive and Artisanal | + 12.28 | | + 21.99 |
| Fishery | + 5.65 | | - 5.32 |
| | <hr/> | | <hr/> |
| | - 0.24% | | + 10.82% |
| | <hr/> | | <hr/> |

TABLE 2. SOCIETIES

The total number of societies has decreased by 6.78% over that of 1967, from 593,712 to 553,467. The figure includes 9,126 societies of our newly-affiliated organisation, Turkish Cooperative Association, but excludes 38,487 societies from countries from whom we are unable to obtain up-to-date statistics, namely: Brazil, Colombia, Greece, Korea, Nigeria, Tanzania and Yugoslavia. Had these deletions not been made, there would have been an overall decrease of 0.3%.

The percentage increase or decrease of each type of society is given below:

| <u>Type of Society</u> | <u>Percentage+ or -</u> | |
|-----------------------------------|-------------------------|-------------|
| | <u>1968</u> | <u>1967</u> |
| Consumer | - 8.54 | - 0.81 |
| Credit | - 2.52 | - 8.70 |
| Agricultural | - 23.11 | + 2.49 |
| Miscellaneous | + 43.62 | - 45.94 |
| Building and Housing | + 12.25 | + 2.11 |
| Workers' Productive and Artisanal | + 3.27 | + 16.58 |
| Fishery | + 3.45 | - 7.27 |
| | <hr/> | <hr/> |
| | - 6.78% | - 2.92% |
| | <hr/> | <hr/> |

TABLE 3. TRADE

As will be seen from the summary appearing on page 30, each section of our trading interests (apart from Workers' Productive and Artisanal societies) shows an increase in trade.

Owing to the devaluation of the Pound Sterling in November 1967, it is necessary, in order to facilitate clear comparisons, to show the old and new conversion rates.

TABLE 4. EMPLOYEES

We are gradually building up more detailed information regarding the employment of male and female labour. In 1967 we published statistics of CONSUMER SOCIETIES only. This year we are able to publish employee statistics relevant to CONSUMER (RETAIL, WHOLESALE and FEDERATED) SOCIETIES; AGRICULTURAL; FISHERY; WORKERS' PRODUCTIVE AND ARTISANAL; CREDIT; and MISCELLANEOUS SOCIETIES. With the assistance of our member organisations we are hopeful of extending this information.

TABLE 5. INSURANCE

The Insurance Committee of the ICA has been consulted as to the best method of presenting Insurance statistics and in collaboration with the Secretary of that Committee, we are now publishing Insurance statistics in two sections. The first section gives details of information collected from the 58 Insurance Societies in membership of the Insurance Committee and the second section refers to 13 Insurance Societies not in membership of the Insurance Committee but whose national organisations are affiliated to the ICA. We are grateful to the Insurance Committee for its assistance in this matter.

TABLE 6. MEMBERSHIP AS A % OF POPULATION

The percentage figures produced on pages 40/41 can be used only as a rough indication of the position of the world cooperative membership figures in relation to population.

In Europe, some countries with large agricultural cooperatives include in their membership figures farmers who are members of more than one agricultural societies. This enhances the membership figures of that country thus overstating the percentage figure of the total population.

From Africa and Asia the data received are often very limited and the countries may well have a much better percentage of members in relation to population than our figures indicate.

NOTE

The statistics of Banks and Unions of Credit Societies are not published in this report. With the assistance of the International Cooperative Banking Committee, we were hopeful of issuing a separate report on Banking, but owing to the illness of the Secretary of that Committee the report has been delayed.
