INTERNATIONAL CO-OPERATIVE ALLIANCE

FOREWORD

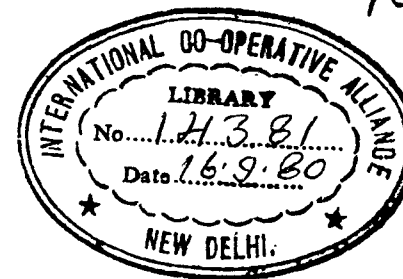

The Calendar of Technical Assistance for Co-operatives has now been published for a number of years. The part co-operatives play in the social and economic development of the Third World is increasingly recognised by the United Nations, and also by other inter-governmental and non-governmental agencies. It has been possible, with the help of many organisations, to collect and assemble information about the growing volume of technical assistance for co-operatives in the developing countries.

Many more projects of technical assistance to co-operatives are undertaken than could possibly be listed in the Calendar. Several co-operative organisations in developed countries provide "in-country" training courses for co-operators in the developing countries and others provide financial aid raised from voluntary contributions for international educational activities. Some of the auxiliary committees of the International Co-operative Alliance, such as the Co-operative Insurance Federation, through its Insurance Development Bureau, the International Committee of Workers' Co-operative Productive and Artisanal Societies, through the Centre for the Promotion of Industrial Co-operatives in Warsaw (Poland), and the International Co-operative Housing Committee, through the International Co-operative Housing Development Association (ICHDA), are providing advice and expertise on the promotion of co-operatives in the developing countries.

The International Co-operative Alliance is grateful to all those individuals and organisations which have collaborated in providing the information published in the Calendar which, we believe, makes a useful contribution towards better co-ordinated information on technical assistance projects.

Any suggestions which would add to the usefulness of the Calendar would be most welcome.

Part II (pp. 30 to 56) lists new and continuing co-operative projects of technical assistance planned for July 1979 - June 1980. Further enquiries relating to individual projects may be obtained from the sponsoring organisation.

- (2) On pages 57 to 58 there is a list of those abbreviations used throughout the Calendar which could be identified.
- (3) Copies of the Calendar are obtainable from the International Co-operative Alliance, 11 Upper Grosvenor Street, London W1X 9PA, United Kingdom. Price £2.00 (seamail only).
